Buzz From The Barnyard

Adoptions

Brownie has been adopted! Lee is giving him a wonderful new home and has the time to finish his training. He has a lovely horse setup and several new pasture mates to keep him busy and happy. Thank you Lee!

Brownie and Lee

Partner Adoption

We have two success stories from our Partner Adoption Program during March.

"Belle" is a lovely Pryor Mustang cross mare from the herd of 30 needing a home. Dan and Karen of Powell welcomed her into their family early in March. Belle has quickly taken to Dan and they are moving along very nicely together.

The other successful partner match was between a very sweet pony mare named "Milkshake" and the Bauer family who also adopted our "Rain" in February. Milkshake will be a wonderful addition to their family of young boys learning about horses.

Book

We have just received the first proof back from the printer. We may have them in hand by the next newsletter!

Ranch Hands and Open Ranch

Open Ranch has been better as the weather is beginning to agree with us! We were able to bring back birthday Saturday - Bunny was thrilled. Saturdays have become very busy while conducting a new group of ranch hands and open ranch at the same time. Thank you to the extra volunteers who have been filling in to help us!

Happy Birthday!

Group picture with Sitter

4-H

We are beginning to get organized! I believe we have horses matched with youth and they are getting to know each other. I know we will have a very successful year together!

Ranch Hand of The Month

be

Lucille has been a ranch hand since last fall. She loves working with horses and the other children at ranch. Lucille enjoys the individual personalities of each horse and bonding with them. Her favorite horse is Crickett, who happens to be the sweetest mare you could ever meet. Other hobbies include playing soccer and math group. Lucille's likes include all animals and the color green. Dislikes include rainy days and mean people. She is in the third grade and wants to be a Doctor or a Veterinarian when she grows up.
